Special Seminar on “Effective Use of Tunnelling and Underground Space for Sustainable Development”
25th March 2017 (Saturday), 9:00 am – 4:30 pm
Yangon Technological University, Gyogone, Yangon, Myanmar

Sponsorship Opportunities for the Seminar

On the occasion of ITA Executive Council Meeting in Yangon, Myanmar Tunneling and Underground Space Committee (MTUSC) of Myanmar Engineering Society is organising one-day Special Seminar on “**Effective Use of Tunnelling and Underground Space for Sustainable Development**” on 25 March 2017. Ten technical lectures will be delivered by the ITA Executive Council Members and specially invited speakers, world-renowned specialists in tunneling and underground space industry.

ITA-endorsed seminar is recognized as the industry leading event not only for research and academic development but also for business networking. This world-class seminar provides excellent opportunity for the companies and enterprises to attain recognition for their support as partners of the seminar. As a sponsor, you will be able to raise your corporate profile in Myanmar and the region at multi-international level and will gain exclusive access to the brightest minds in the tunneling industry.

In addition to business achievement, sponsorship in the seminar can be of a key participation factor for promoting your organisation's Corporate Social Responsibility (CSR). MTUSC will have special program with different levels of support to the students and potential young engineers for capacity building, participating in regional conferences and conducting researches related to tunneling and deep excavation works.

With support from the private and public sectors in Myanmar and the region, Myanmar Tunneling and Underground Space Committee under Myanmar Engineering Society are confident that this seminar will mark as a significant discussion platform to call upon how Tunneling and Underground Space can be effectively used for Sustainable Development for the country.

Two sponsorship packages (Gold and Silver) are available for this important seminar.

- **Gold Sponsor : USD 1,500** (10 participants will be allowed to join the seminar without registration fees. You may transfer some seats from 10 seats-quota to students or young engineers)
- **Silver Sponsor : USD 1,000** (5 participants will be allowed to join the seminar without registration fees. You may transfer some seats from 10 seats-quota to students or young engineers)

Sponsoring company / organisation’s Logo will be displayed during the seminar, social media and seminar promotion material as appropriate

A special package based on specific requirement or budget can be arranged on a case-by-case basis.
